Civil Action No. 1:08-cv-05560-RJS

(ECF Case)

We respectfully submit this Joint Declaration in support of the application of Ontario Teachers' Pension Plan Board (hereinafter, "Ontario Teachers") and Stichting Pensioenfonds Zorg en Welzijn, duly represented by PGGM Vermogensbeheer B.V. (hereinafter, "PGGM"), to be appointed as Lead Plaintiff in the above-captioned actions against American International Group, Inc. (hereinafter, "AIG") pursuant to the Private Securities Litigation Reform Act of 1995 (hereinafter, "PSLRA").

1. I, Jeffrey Davis, am Senior Legal Counsel, Investments, of Ontario Teachers, a pension plan organized for the benefit of the active and retired teachers of the Province of Ontario, Canada. Ontario Teachers is based in Toronto, Canada and has over US\$100 billion in assets. Ontario Teachers has substantial experience overseeing the prosecution of complex securities class action lawsuits as a lead plaintiff. Ontario Teachers served as Co-Lead Plaintiff in *In re Nortel Networks Corp. Securities Litigation*, No. 05-MD-1659 (LAP) (S.D.N.Y.), in which a \$1.3 billion settlement that included extensive corporate governance reforms was obtained on behalf of investors. Ontario Teachers also served as Co-Lead Plaintiff in *In re Williams Securities Litigation*, No. 02-CV-72 (N.D. Okla.), which resulted in a recovery of \$311 million for the class. Ontario Teachers also currently serves as a Lead Plaintiff in *In re Biovail Securities Litigation*, No. 03-CV-8917 (RO) (S.D.N.Y.), in which a \$138 million settlement is pending approval.

2. I, Femke van't Groenewout, am Senior Advisor Responsible Investment at PGGM, which is the asset manager of Stichting Pensioenfonds Zorg en Welzijn, the Dutch pension fund for the healthcare and welfare sector and the second largest pension fund in Europe. PGGM serves as the sole asset manager for Stichting Pensioenfonds Zorg en Welzijn and manages money for this fund. PGGM currently has approximately US\$138 billion under

management for Pensioenfonds Zorg en Welzijn. Stichting Pensioenfonds Zorg en Welzijn adopted in November 2006 the 'Responsible Investment Policy,' and subsequently adopted in March 2007 the 'Listed Equity Ownership Policy,' in which the fund's general principles and best practices with regard to its equity ownership in listed companies and role as an active equity owner were addressed.

3. On May 21, 2008, the first of the above-captioned actions — *Jacksonville Police and Fire Pension Fund v. American International Group, Inc.*, No. 08-CV-4772 (RJS) — was commenced in the Southern District of New York. The *Jacksonville* action was filed by the law firm Bernstein Litowitz Berger & Grossmann LLP (hereinafter, "BLB&G") as counsel. On June 3, 2008, a related action, captioned *Connolly v. American International Group, Inc.*, No. 08-CV-5072 (RJS), was commenced in this Court. The *Connolly* action was filed by the law firm Schiffrin Barroway Topaz & Kessler, LLP (hereinafter, "SBTK") as counsel. On June 19, 2008, and with the intention of seeking lead plaintiff status in these actions, Ontario Teachers filed another of the above-captioned securities class actions against AIG in this Court, captioned *Ontario Teachers' Pension Plan Board v. American International Group, Inc.*, No. 08-CV-5560 (RJS) (these actions are hereinafter referred to collectively as "*AIG II*"). Ontario Teachers is represented in that action by BLB&G.

4. When Ontario Teachers filed its complaint, the Lead Plaintiff in a separate previously-filed litigation against AIG, styled *In re American International Group, Inc. Securities Litigation*, No. 04-CV-8141(JES) (hereinafter, "*AIG I*"), was seeking leave to amend its complaint in order to subsume the *AIG II* actions. Ontario Teachers opposed this effort by the *AIG I* Lead Plaintiff to subsume the *AIG II* actions, as this tactic violated the PSLRA's clear procedures for appointment of lead plaintiffs.

5. At the time of (and prior to) the filing of the complaint by Ontario Teachers, PGGM had been actively monitoring the *AIG II* litigation through its counsel, SBTk. Prior to the filing of Ontario Teachers' complaint, PGGM had met in person with attorneys from SBTk at PGGM's offices in Zeist, Netherlands to discuss the possibility of PGGM taking an active role in the *AIG II* litigation and seeking lead plaintiff status. At this meeting, SBTk also updated PGGM about the ongoing effort by the *AIG I* Lead Plaintiff to amend its complaint to subsume *AIG II*. PGGM endorsed SBTk's ongoing efforts (on behalf of the plaintiff in *Connolly*) to keep the *AIG II* actions separate from *AIG I* and to protect investors' interests by adhering to the PSLRA lead plaintiff process in *AIG II*.

6. In connection with Ontario Teachers' interest in pursuing lead plaintiff status in the *AIG II* actions, Ontario Teachers instructed its counsel, BLB&G, to contact certain other large pension funds with a similarly significant financial interest in *AIG II* to explore the possibility of pursuing the action jointly. In accordance with these instructions, BLB&G contacted PGGM, with whom both Ontario Teachers and BLB&G had a preexisting relationship.

7. Shortly thereafter, PGGM informed SBTk that it had been contacted by Ontario Teachers through Ontario Teachers' counsel. PGGM further informed SBTk that it was inclined to seek a lead plaintiff position in *AIG II*, but that PGGM would prefer to lead the action jointly with a sophisticated institution such as Ontario Teachers. To that end, and after further discussion with SBTk, PGGM instructed SBTk to communicate with BLB&G about pursuing the action jointly with Ontario Teachers.

8. To facilitate the potential partnership between Ontario Teachers and PGGM, representatives of Ontario Teachers and PGGM engaged in a series of direct communications

about the *AIG I* and *AIG II* actions, without the participation of SBTk or BLB&G. The discussions focused on the two funds' common philosophies and goals for prosecuting the *AIG II* action, including, among other things, their shared interest in seeing that the *AIG II* class action remain a separate action from *AIG I* and that the *AIG II* class members obtain the maximum possible recovery through a separate and distinct class action. Given their common goals and objectives, as well as their comparable financial interests in *AIG II*, Ontario Teachers and PGGM formally agreed to work together and file a joint lead plaintiff application in this matter with BLB&G and SBTk as their respective counsel and proposed lead counsel for the Class.

9. Shortly thereafter, a subsequent conference call was held among representatives of Ontario Teachers and PGGM, as well as their respective counsel, BLB&G and SBTk. Among other things, the call's participants discussed litigation strategy and the subject-matter and allocation of key drafting assignments. Furthermore, Ontario Teachers and PGGM discussed a time to conduct a conference call between the funds where, again, without the participation of SBTk or BLB&G, Ontario Teachers and PGGM would continue discussions regarding an appropriate agreement concerning attorneys' fees.

10. As a result of these discussions and subsequent negotiation among clients and counsel, Ontario Teachers and PGGM reached a fee agreement with counsel that is highly competitive and in the best interests of the Class. Should the Court so desire, Ontario Teachers and PGGM are willing to submit a copy of this fee agreement to the Court for *in camera* review.

11. The relationship between Ontario Teachers and PGGM predates the commencement of *AIG II* and did not originate for the purpose of seeking joint lead plaintiff

status in this action. As large public pension funds with significant interests in the integrity of United States capital markets, both Ontario Teachers and PGGM are familiar with each other and have participated together in numerous conferences and other fora in which the interests of such institutional investors are discussed and advanced. For example, during October 11-12, 2007, representatives of both Ontario Teachers and PGGM participated in the *Institutional Investor Forum*, an event in New York City focused on legal issues pertinent to institutional investors. Representatives of both Ontario Teachers and PGGM spoke on panels at this conference and socialized at evening events. More recently, representatives of both Ontario Teachers and PGGM met and socialized at the June 18-20, 2008 International Corporate Governance Network Conference, in Seoul Korea.

12. Both Ontario Teachers and PGGM are fully informed of the requirements and duties imposed by the PSLRA, and we take our fiduciary obligations to the Class very seriously. Based on Ontario Teachers' and PGGM's respective financial losses, firm belief in the merits of this case, desire to actively lead the prosecution of the case on behalf of ourselves and our fellow investors, and common views concerning this action, as well as our combined resources and experience, we affirmatively decided that it would benefit ourselves and the Class for Ontario Teachers and PGGM to seek joint appointment as Lead Plaintiff.

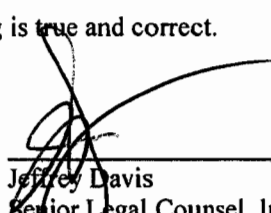

13. We both acknowledge and welcome the responsibilities of serving as Lead Plaintiff. Accordingly, as Lead Plaintiff, we have agreed to exercise joint decision making and work together in this action to fairly and adequately protect the interests of the Class. In this regard, we have been in almost daily contact with our counsel with respect to this matter and we intend to continue to communicate regularly with counsel throughout the course of this litigation and to remain actively involved in all aspects of the litigation.

14. We understand further that it is the Lead Plaintiff's responsibility under the PSLRA to select Lead Counsel for the Class and to supervise the conduct of the litigation. To fulfill this obligation, we believe that it is essential for the Lead Plaintiff to select and retain Lead Counsel with a proven record of prosecuting complex securities class actions and that will operate pursuant to the Lead Plaintiff's direction. As a result, we have retained two highly experienced firms, BLB&G and SBTk, to represent us and the Class in this action.

15. As Lead Plaintiff, we intend to ensure, by working with and supervising BLB&G and SBTk, that the action is prosecuted efficiently for the benefit of the Class. We have discussed among ourselves and with BLB&G and SBTk the importance of ensuring the efficient prosecution of this case and the avoidance of any duplication of work. We are certain they understand our instructions in this regard. We also believe that, in light of the size and complexity of the *AIG II* action and the likely defenses we will be facing on behalf of the Class, it will be advantageous to have two law firms representing the interests of the Class in this matter.

Pursuant to 28 U.S.C. § 1746, we declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Bernstein Litowitz Berger & Grossmann LLP Announces Filing of Class
Action Suit Against AIG and Certain of Its Senior Officers and
Directors

NEW YORK, NY -- (MARKET WIRE) -- 05/22/08 -- Bernstein Litowitz
Berger & Grossmann LLP ("BLB&G") today announced that it filed a
class action lawsuit in the United States District Court for the
Southern District of New York on behalf of its client Jacksonville
Police and Fire Pension Fund ("Jacksonville Police & Fire") and
purchasers of the securities of American International Group, Inc.
("AIG" or the "Company") (NYSE: AIG) during the period from May 11,
2007 through May 9, 2008 (the "Class Period"). The case is captioned
Jacksonville Police and Fire Pension Fund v. American International
Group, Inc., et al., Case No., 08-CV-4772.

The Complaint alleges that during the Class Period, AIG and the
individual defendants, Chief Executive Officer Martin J. Sullivan,
Executive Vice President and Chief Financial Officer Steven J.
Bensinger, Senior Vice President and Chief Risk Officer Robert Lewis
and Joseph Cassano, the former head of AIG subsidiary American
International Group Financial Products ("AIGFP"), violated the
federal securities laws by issuing false and misleading press
releases, financial statements, filings with the SEC and statements
during investor conference calls. The Complaint alleges that,
throughout the Class Period, Defendants repeatedly reassured
investors that AIG had successfully insulated itself from the recent
turmoil in the housing and credit markets due to its superior risk
management. In particular, defendants touted the security of AIGFP's
"super senior" credit default swap ("CDS") portfolio, making numerous
statements that this portfolio was secure and that AIG's method for
accounting for the valuations of this portfolio accurately reflected
its value.

Investors began to learn the truth regarding AIG's financial
condition and the Company's exposure to the mortgage market when, on
February 11, 2008, the Company disclosed that its outside auditor had
determined that there was "material weakness in its internal control"
over the financial reporting and oversight relating specifically to
its accounting for the CDS portfolio, and that the Company was
revising the loss valuations it previously reported. Under the new
valuations, losses on the CDS portfolio more than quadrupled -- from
the \$1.4 billion reported on the CDS portfolio just weeks before to
over \$4.5 billion. Two weeks later, on February 28, 2008, AIG
disclosed that the market valuations on the CDS portfolio would
increase to \$11.5 billion and revealed for the first time that the
Company had notional exposure of \$6.5 billion in liquidity puts
written on collateralized debt obligations ("CDOs") linked to the
sub-prime mortgage market. Finally, on May 8, 2008, the Company
disclosed that market valuation losses on the CDS portfolio for the
quarter climbed an additional \$9.1 billion, for a cumulative loss of
\$20.6 billion, and that the Company was expecting actual losses on
the portfolio to be about \$2.4 billion. As a result of these
disclosures, the price of AIG stock plunged from a Class Period high
of \$75.24 per share on June 5, 2008, to \$38.37 per share on May 12,

2008, wiping out tens of billions of dollars in shareholder value and
causing damage to the class.

The Complaint alleges that the Defendants violated Section 10(b) of
the Securities Exchange Act of 1934 (the "Exchange Act") and Rule
10b-5 promulgated thereunder and that Defendants Sullivan and
Bensinger violated Section 20(a) of the Exchange Act.

If you wish to serve as lead plaintiff, you must move the Court no
later than 60 days from May 22, 2008. Accordingly, the deadline for
filing a motion for appointment as lead plaintiff is July 21, 2008.
If you wish to discuss this action or have any questions concerning
this notice or your rights or interests, please contact Plaintiff's
counsel, Gerald H. Silk or Salvatore J. Graziano of BLB&G at
212-554-1400, or via e-mail at jerry@blbglaw.com or
sgraziano@blbglaw.com, respectively. You can view a copy of the
Complaint as filed online at <http://www.blbglaw.com>. Any member of
the class may move the Court to serve as lead plaintiff through
counsel of their choice, or may choose to do nothing and remain a
member of the proposed class.

Plaintiff Jacksonville Police & Fire is represented by BLB&G, a firm

worldwide. Unique among its peers, BLB&G has obtained six of the ten
largest and most significant securities recoveries in history,

The AIG action has been investigated and is being prosecuted by
BLB&G's subprime litigation group, which is also representing
investors in class and derivative subprime related actions against
Washington Mutual, Inc., American Home Mortgage Investment Corp., New
Century Financial Corporation, Countrywide Financial Corporation and
State Street, among others. More information about Bernstein

Expanded Securities Class Action Suit Filed Against American
International Group, Inc. and Certain of Its Senior Executives,
Announces Bernstein Litowitz Berger & Grossmann LLP

NEW YORK, NY -- (MARKET WIRE) -- 06/19/08 -- Bernstein Litowitz
Berger & Grossmann LLP today announced that it has filed a securities
class action lawsuit against American International Group, Inc.
("AIG" or the "Company") (NYSE: AIG) and certain senior executives in
the Southern District of New York on behalf of Ontario Teachers'
Pension Plan Board ("Ontario Teachers") and similarly situated
investors in AIG securities during the period of November 10, 2006
through June 6, 2008 (the "Class Period"). The action is captioned
Ontario Teachers' Pension Plan Board v. American International Group,
Inc., et al., No. 08-CV-5560.

The case was filed as a related action to Jacksonville Police and
Fire Pension Fund v. American International Group, Inc., No.
08-CV-4772 (RJS), the first-filed securities class action in this
matter, which is presently pending before the Honorable Richard J.
Sullivan. Investors should note that the Ontario Teachers action
expands the class period alleged in the Jacksonville action. We
direct all interested investors to the notice published on May 22,
2008 in connection with the filing of the Jacksonville action
pursuant to the Private Securities Litigation Reform Act of 1995. As
set forth in that notice, investors wishing to serve as the lead
plaintiff are required to file a motion for appointment as lead
plaintiff by no later than July 21, 2008.

The Complaint alleges that during the Class Period, AIG and the
individual defendants -- former Chief Executive Officer Martin J.
Sullivan, former Executive Vice President and Chief Financial Officer
Steven J. Bensinger, Senior Vice President and Chief Risk Officer
Robert Lewis and Joseph Cassano, the former head of AIG subsidiary
American International Group Financial Products ("AIGFP") -- violated
the federal securities laws by issuing false and misleading press
releases, financial statements, filings with the SEC and statements
during investor conference calls. As alleged in the Complaint,
throughout the Class Period, Defendants overstated the Company's
earnings and financial position while repeatedly reassuring investors
that AIG had successfully insulated itself from the turmoil in the
housing and credit markets due to its superior risk management. In
particular, defendants touted the value and security of AIGFP's
"super senior" credit default swap ("CDS") portfolio, making numerous
statements that this portfolio was secure and that AIG's method for
accounting for the valuations of this portfolio was proper.

Investors began to learn the truth regarding AIG's financial
condition and the Company's exposure to the mortgage market when, on
February 11, 2008, the Company disclosed that its outside auditor had
determined that there was a "material weakness in its internal
control" over the financial reporting and oversight relating
specifically to its accounting for the CDS portfolio, and that the
Company was revising the loss valuations it previously reported.
Under the new valuations, losses on the CDS portfolio more than

quadrupled -- from the \$1.4 billion reported on the CDS portfolio just weeks before to over \$4.5 billion. Two weeks later, on February 28, 2008, AIG disclosed that the market valuations on the CDS portfolio would increase to \$11.5 billion and revealed for the first time that the Company had notional exposure of \$6.5 billion in liquidity puts written on collateralized debt obligations ("CDOs") linked to the subprime mortgage market. Then, on May 8, 2008, the Company disclosed that market valuation losses on the CDS portfolio for the quarter climbed an additional \$9.1 billion, for a cumulative loss of \$20.6 billion, and that the Company was expecting actual losses on the portfolio to be about \$2.4 billion. On June 6, 2008 the Company disclosed investigations by the Securities and Exchange Commission and the U.S. Department of Justice concerning AIG's accounting and financial disclosures with respect to its CDS portfolio. As a result of these disclosures, the price of AIG stock plunged from a Class Period high of \$72.81 per share on December 18, 2006, to \$33.93 per share on June 6, 2008, wiping out tens of billions of dollars in shareholder value and causing damage to the class.

The Complaint asserts claims against all defendants under Section 10(b) of the Securities Exchange Act of 1934 (the "Exchange Act") and Rule 10b-5 promulgated thereunder, as well as claims against defendants Sullivan and Bensinger under Section 20(a) of the Exchange Act.

This case is filed as a separate case from a preexisting securities class action in the Southern District of New York arising from allegations concerning undisclosed bid-rigging and improper reinsurance transactions. That action, filed in 2004 and presently pending before the Honorable John E. Sprizzo, is captioned In re American International Group, Inc. Securities Litigation, No. 04-CV-8141 (JES) ("AIG I"). The lead plaintiff in the older AIG I action has sought leave to amend the action to encompass the allegations and time period at issue in the Jacksonville and Ontario Teachers actions. Ontario Teachers, which has suffered significant financial losses as a result of the alleged wrongful conduct that is the subject of the Jacksonville and Ontario Teachers actions, believes that these actions are and should remain separate from the AIG I action and that the interests of class members would be prejudiced by the proposed amendment of the AIG I action. Ontario Teachers intends to oppose any effort to amend AIG I to subsume the new actions into the older case.

Ontario Teachers is the largest single-profession pension plan in Canada, with over US\$100 billion in assets. Ontario Teachers invests the pension fund's assets and administers the pensions of over 278,000 active and retired Ontario teachers. Ontario Teachers has significant experience serving as a lead plaintiff in securities class actions, including in In re Nortel Networks Corporation Securities Litigation, No. 05-MD-1659 (LAP) (S.D.N.Y.), in which a settlement worth over \$1.3 billion was obtained for investors, and In re Williams Securities Litigation, 02-CV-72 (N.D. Okla.), which settled for \$311 million shortly before trial.

The Ontario Teachers action is being investigated and prosecuted by

FIRM RESUME

Visit our web site at www.blbglaw.com for the most up-to-date information on the firm, its lawyers and practice groups.

Bernstein Litowitz Berger & Grossmann LLP, a firm of over 50 attorneys in offices located in New York, California, New Jersey, and Louisiana, prosecutes class and private actions, nationwide, on behalf of individual and institutional clients. The firm's litigation practice concentrates in the areas of securities class actions in federal and state courts; corporate governance litigation, including claims for breach of fiduciary duty and proxy violations; antitrust; prosecuting violations of federal and state anti-discrimination laws and vindication of employee rights; and consumer class actions. We also handle, on behalf of major institutional clients and lenders, more general complex commercial litigation involving allegations of breach of contract, accountants' liability, breach of fiduciary duty, fraud, and negligence.

We are the nation's leading firm in representing institutional investors in securities fraud class action litigation. The firm's institutional client base includes the New York State Common Retirement Fund, the California Public Employees Retirement System (CalPERS), and the Ontario Teachers' Pension Plan, the largest public pension funds in North America, collectively managing over \$300 billion in assets; the Los Angeles County Employees' Retirement Association (LACERA); the Chicago Municipal, Police and Labor Retirement Systems; the State of Wisconsin Investment Board; the Retirement Systems of Alabama; the Connecticut Retirement Plans and Trust Funds; the City of Detroit Pension Systems; the Houston Firefighters' and Municipal Employees' Pension Funds; the Louisiana School, State, Teachers and Municipal Police Retirement Systems; the Public School Teachers' Pension and Retirement Fund of Chicago; the New Jersey Division of Investment of the Department of the Treasury; TIAA-CREF and other private institutions; as well as numerous other public and Taft-Hartley pension entities.

Since its founding in 1983, Bernstein Litowitz Berger & Grossmann LLP has litigated some of the most complex cases in history and has obtained over \$20 billion on behalf of investors. Unique among its peers, the firm has negotiated the largest settlements ever agreed to by public companies related to securities fraud, and obtained five of the ten largest securities recoveries in history.

As Co-Lead Counsel for the Class representing Lead Plaintiff the New York State Common Retirement Fund in *In re WorldCom, Inc. Securities Litigation*, arising from the financial fraud and subsequent bankruptcy at WorldCom, Inc., we obtained unprecedented settlements from the investment bank defendants who underwrote WorldCom bonds totaling more than \$6 billion, the second largest securities recovery in history. Additionally, all of the former WorldCom Director Defendants agreed to pay over \$60 million to settle the claims against them. An unprecedented first for outside directors, \$24.75 million of that amount is coming out of the pockets of the individuals—20% of their collective net worth. Also, after four weeks of trial, Arthur Andersen, WorldCom's former auditor, settled for \$65 million. In July 2005, settlements had been reached with the former executives of WorldCom, bringing the total obtained for the Class to over \$6.15 billion.

Bernstein Litowitz Berger & Grossmann LLP

The firm was also Co-Lead Counsel in *In re Cendant Corporation Securities Litigation*, which settled for more than \$3 billion in cash. This settlement is the largest ever recovered from a public company and a public accounting firm and includes some of the most significant corporate governance changes ever achieved through securities class action litigation. The firm represented Lead Plaintiffs CalPERS, the New York State Common Retirement Fund, and the New York City Pension Funds on behalf of all purchasers of Cendant securities during the class period. In 2006, the firm also recovered over \$1.3 billion for investors in Nortel Networks, and recent settlements in *In re McKesson HBOC Inc. Securities Litigation* total over \$1 billion in monies recovered for investors. Additionally, the firm was lead counsel in the celebrated *In re Washington Public Power Supply System Litigation*, which, after seven years of litigation and three months of jury trial, resulted in what was then the largest securities fraud recovery ever – over \$750 million.

The firm's prosecution of Arthur Andersen LLP, for Andersen's role in the 1999 collapse of the Baptist Foundation of Arizona ("BFA"), received intense national and international media attention. As lead trial counsel for the defrauded BFA investors, the firm obtained a cash settlement of \$217 million from Andersen in May 2002, after six days of what was scheduled to be a three month trial. In combination with prospective BFA asset sales and a settlement with BFA's former law firm, it is expected that the over 11,000 retirees and investors will recover over 70% of their losses. The case was covered in great detail by *The Wall Street Journal*, *The New York Times*, *The Washington Post*, "60 Minutes II," National Public Radio, and the BBC, as well as various other international news outlets.

Equally important, Bernstein Litowitz Berger & Grossmann LLP has successfully advanced novel and socially beneficial principles by developing important new law in the areas in which we litigate.

The firm served as co-lead counsel on behalf of Texaco's African-American employees in *Roberts v. Texaco Inc.*, which similarly resulted in the largest settlement ever in a race discrimination case. The creation of a Task Force to oversee Texaco's human resources activities for five years was unprecedented and will, undoubtedly, serve as a model for public companies into the next century.

On behalf of twelve public pension funds, including the New York State Common Retirement Fund, CalPERS, LACERA, and other institutional investors, the firm successfully prosecuted *McCall v. Scott*, a derivative suit filed against the directors and officers of Columbia/HCA Healthcare Corporation, the subject of the largest health care fraud investigation in history. This settlement, announced in February 2003, included a landmark corporate governance plan which went well beyond all recently enacted regulatory reforms, greatly enhancing the corporate governance structure in place at HCA.

In the consumer field, the firm has gained a nationwide reputation for vigorously protecting the rights of individuals and for achieving exceptional settlements. In several instances, the firm has obtained recoveries for consumer classes that represented the entirety of the class' losses – an extraordinary result in consumer class cases. Additionally, the firm has become a leader in the area of Internet Privacy and is counsel in several of the seminal cases that have been brought on behalf of Internet users whose personal information is being intercepted and sent to Web-based companies.

Our firm is dedicated to litigating with the highest level of professional competence, striving to secure the maximum possible recovery for our clients in the most efficient and professionally responsible manner. In those cases where we have served as either lead counsel or as a member of plaintiffs' executive committee, the firm has recovered billions of dollars for our clients.

Bernstein Litowitz Berger & Grossmann LLP

THE FIRM'S PRACTICE AREAS

Securities Fraud Litigation

Securities fraud litigation is the cornerstone of the firm's class action litigation practice. Since its founding, the firm has tried and settled many high profile securities fraud class actions and continues to play a leading role in major securities litigation pending in federal and state courts. Moreover, since passage of the Private Securities Litigation Reform Act of 1995, which sought to encourage institutional investors to become more pro-active in securities fraud class action litigation, the firm has become the nation's leader in representing institutional investors in securities fraud and derivative litigation.

The firm has the distinction of having prosecuted many of the most complex and high-profile cases in securities law history, recovering billions of dollars and obtaining unprecedented corporate governance reforms on behalf of our clients. Several of the firm's high-profile current prosecutions and outstanding accomplishments as class counsel are detailed in our Recent Actions and Significant Recoveries section beginning on page 8.

The attorneys in the securities fraud litigation practice group have extensive experience in the laws that regulate the securities markets and in the disclosure requirements of corporations that issue publicly traded securities. Many of the attorneys in this practice group also have accounting backgrounds and one is a certified public accountant. The group has access to state-of-the-art, online financial wire services and databases, which enable them to instantaneously investigate any potential securities fraud action involving a public company's debt and equity securities.

Corporate Governance and Shareholders' Rights

The corporate governance and shareholders' rights practice group prosecutes derivative actions, claims for breach of fiduciary duty and proxy violations on behalf of individual and institutional investors in state and federal courts throughout the country. The group has prosecuted actions challenging numerous highly publicized corporate transactions which violated fair process and fair price, and the applicability of the business judgment rule. The group has also addressed issues of corporate waste, shareholder voting rights claims, and executive compensation. As a result of the firm's high profile and widely recognized capabilities, the corporate governance practice group is increasingly in demand by institutional investors who are exercising a more assertive voice with corporate boards regarding corporate governance issues and the board's accountability to shareholders. A major component of the *Cendant* settlement referenced above is Cendant's agreement to adopt the most extensive corporate governance changes in history.

Recent examples of highly successful M&A litigation conducted by Bernstein Litowitz Berger & Grossmann include the widely publicized lawsuit arising from the proposed acquisition of Caremark Corp. by CVS Corp.—which led to an increase of approximately \$3.5 billion in the consideration offered to shareholders—as well as the lawsuit over an attempted buyout of Cablevision Corp. by its controlling family—which, although still ongoing, has resulted in an increase of over \$2.2 billion in the consideration currently on offer to Cablevision shareholders. The firm is actively involved in litigating numerous cases in this area of law, an area that has become increasingly important in light of efforts by various market participants to buy companies from their public shareholders “on the cheap.”

Employment Discrimination and Civil Rights

The employment discrimination and civil rights practice group prosecutes class and multi-plaintiff actions, and other high impact litigation against employers and other societal institutions that violate federal or state employment, anti-discrimination, and civil rights laws. The practice group represents diverse clients on a wide range of issues including Title VII actions, race, gender, sexual orientation and age discrimination suits, sexual harassment and “glass ceiling” cases in which otherwise qualified employees are passed over for promotions to managerial or executive positions.

Bernstein Litowitz Berger & Grossmann LLP

Bernstein Litowitz Berger & Grossmann LLP is committed to effecting positive social change in the workplace and in society. The practice group has the necessary financial and human resources to ensure that the class action approach to discrimination and civil rights issues is successful. This litigation method serves to empower employees and other civil rights victims, who are usually discouraged from pursuing litigation because of personal financial limitations, and offers the potential for effecting the greatest positive change for the greatest number of people affected by discriminatory practice in the workplace. As stated, the firm's practice group recently settled the *Texaco* racial discrimination lawsuit for \$176 million, the largest settlement in the history of employment discrimination cases.

Consumer Advocacy

The consumer advocacy practice group at Bernstein Litowitz Berger & Grossmann LLP prosecutes cases across the entire spectrum of consumer rights, consumer fraud, and consumer protection issues. The firm represents victimized consumers in state and federal courts nationwide in individual and class action lawsuits that seek to provide consumers and purchasers of defective products with a means to recover their damages. The attorneys in this group are well versed in the vast array of laws and regulations that govern consumer interests and are aggressive, effective, court-tested litigators. The consumer practice advocacy group has recovered hundreds of millions of dollars for millions of consumers throughout the country. Most notably, in a number of cases, the firm has obtained recoveries for the class that were the entirety of the potential damages suffered by the consumer. For example, in recent actions against MCI and Empire Blue Cross, the firm recovered all of the damages suffered by the class. The group has achieved its successes by advancing innovative claims and theories of liabilities, such as obtaining decisions in Pennsylvania and Illinois appellate courts that adopted a new theory of consumer damages in mass marketing cases. Bernstein Litowitz Berger & Grossmann LLP is, thus, able to lead the way in protecting the rights of consumers. For example, the firm is a recognized leader in Internet privacy, where it prosecuted several seminal cases on behalf of Web users whose personal information has been unwittingly intercepted and sent to Internet companies in violation of federal statutes and state law.

THE COURTS SPEAK

Throughout the firm's history, many courts have recognized the professional competence and diligence of the firm and its members. A few examples are set forth below.

Judge Denise Cote (United States District Court for the Southern District of New York) has noted, several times on the record, the quality of BLB&G's ongoing representation of the Class in *In re WorldCom, Inc. Securities Litigation*. Judge Cote on December 16, 2003:

"I have the utmost confidence in plaintiffs' counsel . . . they have been doing a superb job. . . . The Class is extraordinarily well represented in this litigation."

In granting final approval of the \$2.575 billion settlement obtained from the Citigroup Defendants, Judge Cote again praised BLB&G's efforts:

"The magnitude of this settlement is attributable in significant part to Lead Counsel's advocacy and energy....The quality of the representation given by Lead Counsel...has been superb...and is unsurpassed in this Court's experience with plaintiffs' counsel in securities litigation. Lead Counsel has been energetic and creative.... Its negotiations with the Citigroup Defendants have resulted in a settlement of historic proportions."

* * *

Bernstein Litowitz Berger & Grossmann LLP

In February 2005, at the conclusion of trial of *In re Clarent Corporation Securities Litigation*, The Honorable Charles R. Breyer of the United States District Court for the Northern District of California praised the efforts of counsel: “It was the best tried case I’ve witnessed in my years on the bench....[A]n extraordinarily civilized way of presenting the issues to you [the jury]....We’ve all been treated to great civility and the highest professional ethics in the presentation of the case.... The evidence was carefully presented to you....They got dry subject matter and made it interesting... [brought] the material alive... good trial lawyers can do that.... I’ve had fascinating criminal trials that were far less interesting than this case. [I]t’s a great thing to be able to see another aspect of life... It keeps you young...vibrant... [and] involved in things... These trial lawyers are some of the best I’ve ever seen.”

* * *

In granting the Court’s approval of the resolution and prosecution of *McCall v. Scott*, a shareholder derivative lawsuit against certain former senior executives of HCA Healthcare (formerly Columbia/HCA), Senior Judge Thomas A. Higgins (United States District Court, Middle District of Tennessee) said that the settlement “confers an exceptional benefit upon the company and the shareholders by way of the corporate governance plan. . . . Counsel’s excellent qualifications and reputations are well documented in the record, and they have litigated this complex case adeptly and tenaciously throughout the six years it has been pending. They assumed an enormous risk and have shown great patience by taking this case on a contingent basis, and despite an early setback they have persevered and brought about not only a large cash settlement but sweeping corporate reforms that may be invaluable to the beneficiaries.”

Judge Walls (District of New Jersey), in approving the \$3.2 billion *Cendant* settlement, said that the recovery from all defendants, which represents a 37% recovery to the Class, “far exceeds recovery rates of any case cited by the parties.” The Court also held that the \$335 million separate recovery from E&Y is “large” when “[v]iewed in light of recoveries against accounting firms for securities damages.” In granting Lead Counsel’s fee request, the Court determined that “there is no other catalyst for the present settlement than the work of Lead Counsel. . . . This Court, and no other judicial officer, has maintained direct supervision over the parties from the outset of litigation to the present time. In addition to necessary motion practice, the parties regularly met with and reported to the Court every five or six weeks during this period about the status of negotiations between them. . . . [T]he Court has no reason to attribute a portion of the Cendant settlement to others’ efforts; Lead Counsel were the only relevant material factors for the settlement they directly negotiated.” The Court found that “[t]he quality of result, measured by the size of settlement, is very high. . . . The Cendant settlement amount alone is over three times larger than the next largest recovery achieved to date in a class action case for violations of the securities laws, and approximately ten times greater than any recovery in a class action case involving fraudulent financial statements. . . . The E&Y settlement is the largest amount ever paid by an accounting firm in a securities class action.” The Court went on to observe that “the standing, experience and expertise of the counsel, the skill and professionalism with which counsel prosecuted the case and the performance and quality of opposing counsel were high in this action. Lead Counsel are experienced securities litigators who ably prosecuted the action.” The Court concluded that this Action resulted in “excellent settlements of uncommon amount engineered by highly skilled counsel with reasonable cost to the class.”

After approving the settlement in *Alexander v. Pennzoil Company*, the Honorable Vanessa D. Gilmore of the United States District Court for the Southern District of Texas ended the settlement hearing by praising our firm for the quality of the settlement and our commitment to effectuating change in the workplace. “... the lawyers for the plaintiffs ... did a tremendous, tremendous job. ... not only in the monetary result obtained, but the substantial and very innovative programmatic relief that the plaintiffs have obtained in this case ... treating people fairly and with respect can only inure to the benefit of everybody concerned. I think all these lawyers did an outstanding job trying to make sure that that’s the kind of thing that this case left behind.”

The district court, in an Order entered on March 9, 2001, specifically commented on the quality of counsel's efforts and the settlement, holding that "counsel's representation [of the class] was excellent, and ... the results they achieved were substantial and extraordinary." The Honorable Judge Edward A. Infante of the United States District Court for the Northern District of California expressed high praise for the settlement and the expertise of plaintiffs' counsel when he approved the final settlement in the *Wright v. MCI Communications Corporation* consumer class action. "The settlement. . . is a very favorable settlement to the class. . . to get an 85% result was extraordinary, and plaintiffs' counsel should be complimented for it on this record. . . . The recommendations of experienced counsel weigh heavily on the court. The lawyers before me are specialists in class action litigation. They're well known to me, particularly Mr. Berger, and I have confidence that if Mr. Berger and the other plaintiffs' counsel think this is a good, well-negotiated settlement, I find it is." The case was settled for \$14.5 million.

The Court there recognized that "... the work that is involved in this case could only be accomplished through the unique talents of plaintiffs' lawyers . . . which involved a talent that is not just simply available in the mainstream of litigators."

Bernstein Litowitz Berger & Grossmann LLP

[and] in the face of uncertain victory. . . . [T]hey succeeded admirably.”

* * *

In our ongoing prosecution of the *In re Bennett Funding Group Securities Litigation*, the largest “Ponzi scheme” fraud in history, partial settlements totaling over \$140 million have been negotiated for the class. * * *

Judge Sarokin of the United States District Court for the District of New Jersey, after approving the \$30 million settlement in *In re First Fidelity Bancorporation Securities Litigation*, a case in which we were lead counsel, praised the “. . . outstanding competence and performance” of the plaintiffs’ counsel and expressed “admiration” for our work in the case.

RECENT ACTIONS & SIGNIFICANT RECOVERIES

Currently, Bernstein Litowitz Berger & Grossmann LLP is counsel in many diverse nationwide class and individual actions and has obtained many of the largest and most significant recoveries in history. Some examples from our practice groups include:

Securities Class Actions

In re WorldCom, Inc. Securities Litigation -- (United States District Court for the Southern District of New York) The largest securities fraud class action in history. The court appointed BLB&G client the **New York State Common Retirement Fund** as Lead Plaintiff and the firm as Lead Counsel for the class in this securities fraud action arising from the financial fraud and subsequent bankruptcy at WorldCom, Inc. The complaints in this litigation allege that WorldCom and others disseminated false and misleading statements to the investing public regarding its earnings and financial condition in violation of the federal securities and other laws. As a result, investors suffered tens of billions of dollars in losses. The Complaint further alleges a nefarious relationship between Citigroup subsidiary Salomon Smith Barney and WorldCom, carried out primarily by Salomon employees involved in providing investment banking services to WorldCom (most notably, Jack Grubman, Salomon's star telecommunications analyst), and by WorldCom's former CEO and CFO, Bernard J. Ebbers and Scott Sullivan, respectively. On November 5, 2004, the Court granted final approval of the \$2.575 billion cash settlement to settle all claims against the Citigroup defendants. In mid-March 2005, on the eve of trial, the 13 remaining "underwriter defendants," including J.P. Morgan Chase, Deutsche Bank and Bank of America, agreed to pay settlements totaling nearly \$3.5 billion to resolve all claims against them, bringing the total over \$6 billion. Additionally, by March 21, 2005, the day before trial was scheduled to begin, all of the former WorldCom Director Defendants had agreed to pay over \$60 million to settle the claims against them. An unprecedented first for outside directors, \$24.75 million of that amount is coming out of the pockets of the individuals— 20% of their collective net worth. The case generated headlines across the country—and across the globe—and is changing the way Wall Street does business. In the words of Lynn Turner, a former SEC chief accountant, the settlement sent a message to directors "that their own personal wealth is at risk if they're not diligent in

their jobs." After four weeks of trial, Arthur Andersen, WorldCom's former auditor, settled for \$65 million. In July 2005, settlements were reached with the former executives of WorldCom, bringing the total obtained for the Class to over \$6.15 billion.

In re Cendant Corporation Securities Litigation -- (United States District Court, District of New Jersey) Securities class action filed against Cendant Corporation, its officers and directors and Ernst & Young, its auditors. Cendant settled the action for \$2.8 billion and Ernst & Young settled for \$335 million. The settlements are the third largest in history in a securities fraud action. Plaintiffs allege that the company disseminated materially false and misleading financial statements concerning CUC's revenues, earnings and expenses for its 1997 fiscal year. As a result of company-wide accounting irregularities, Cendant has restated its financial results for its 1995, 1996 and 1997 fiscal years and all fiscal quarters therein. The firm represents Lead Plaintiffs **CalPERS - the California Public Employees Retirement System**, the **New York State Common Retirement Fund** and the **New York City Pension Funds**, the three largest public pension funds in America, in this action.

Baptist Foundation of Arizona v. Arthur Andersen, LLP -- (Superior Court of the State of Arizona in and for the County of Maricopa) Firm client, the **Baptist Foundation of Arizona Liquidation Trust** ("BFA") filed a lawsuit charging its former auditors, the "Big Five" accounting firm of Arthur Andersen LLP, with negligence in conducting its annual audits of BFA's financial statements for a 15-year period beginning in 1984, and culminating in BFA's bankruptcy in late 1999. Investors lost hundreds of millions of dollars as a result of BFA's demise. The lawsuit alleges that Andersen ignored evidence of corruption and mismanagement by BFA's former senior management team and failed to investigate suspicious transactions related to the mismanagement. These oversights of accounting work, which were improper under generally accepted accounting principles,

Bernstein Litowitz Berger & Grossmann LLP

allowed BFA's undisclosed losses to escalate to hundreds of million of dollars, and ultimately resulted in its demise. On May 6, 2002, after one week of trial, Andersen agreed to pay \$217 million to settle the litigation. The court approved the settlement on September 13, 2002 and, ultimately, investors are expected to recover 70% of their losses.

In re Nortel Networks Corporation Securities Litigation -- ("Nortel II") (United States District Court for the Southern District of New York) Securities fraud class action on behalf of persons and entities who purchased or acquired the common stock of Nortel Networks Corporation. The action charges Nortel, and certain of its officers and directors, with violations of the Securities Exchange Act of 1934, alleging that the defendants knowingly or, at a minimum, recklessly made false and misleading statements with respect to Nortel's financial results during the relevant period. BLB&G clients the Ontario Teachers' Pension Plan Board and the Treasury of the State of New Jersey and its Division of Investment were appointed as Co-Lead Plaintiffs for the Class, and BLB&G was appointed Lead Counsel for the Class by the court in July 2004. On February 8, 2006, BLB&G and Lead Plaintiffs announced that they and another plaintiff had reached an historic agreement in principle with Nortel to settle litigation pending against the Company for approximately \$2.4 billion in cash and Nortel common stock (all figures in US dollars). The Nortel II portion of the settlement totaled approximately \$1.2 billion. Nortel later announced that its insurers had agreed to pay \$228.5 million toward the settlement, bringing the total amount of the global settlement to approximately \$2.7 billion, and the total amount of the Nortel II settlement to over \$1.3 billion.

HealthSouth Corporation Bondholder Litigation -- (United States District Court for the Northern District of Alabama {Southern Division}) On March 19, 2003, the investment community was stunned by the charges filed by the Securities and Exchange Commission against Birmingham, Alabama based HealthSouth Corporation and its former Chairman and Chief Executive Officer, Richard M. Scrushy, alleging a "massive accounting fraud." Stephen M. Cutler, the SEC's Director of Enforcement, said "HealthSouth's fraud represents an appalling betrayal of investors." According to the SEC, HealthSouth overstated its earnings by at least \$1.4 billion since 1999 at the direction of Mr. Scrushy. Subsequent revelations have disclosed that the overstatement actually exceeded over \$2.4 billion, virtually wiping

out all of HealthSouth's reported profits for the last five years. A number of executives at HealthSouth, including its most senior accounting officers -- including every chief financial officer in HealthSouth's history -- have pleaded guilty to criminal fraud charges. In the wake of these disclosures, numerous securities class action lawsuits have been filed against HealthSouth and certain individual defendants. On June 24, 2003, the Honorable Karon O. Bowdre of the District Court appointed the **Retirement Systems of Alabama** to serve as Lead Plaintiff on behalf of a class of all purchasers of HealthSouth bonds who suffered a loss as a result of the fraud. Judge Bowdre appointed BLB&G to serve as Co-Lead Counsel for the bondholder class. On February 22, 2006, the RSA announced that it and several other institutional plaintiffs leading investor lawsuits arising from the corporate scandal at HealthSouth Corporation had reached a class action settlement with HealthSouth, certain of the company's former directors and officers, and certain of the company's insurance carriers. The total consideration to be paid in the settlement is approximately \$445 million. The action continues against the remaining defendants.

In re McKesson HBOC, Inc. Securities Litigation -- (United States District Court, Northern District of California) Securities fraud litigation filed on behalf of purchasers of HBOC, McKesson and McKesson HBOC securities. On April 28, 1999, the Company issued the first of several press releases which announced that, due to its improper recognition of revenue from contingent software sales, it would have to restate its previously reported financial results. Immediately thereafter, McKesson HBOC common stock lost \$9 billion in market value. On July 14, 1999, the Company announced that it was restating \$327.8 million of revenue improperly recognized in the HBOC segment of its business during the fiscal years ending March 31, 1997, 1998 and 1999. The complaint alleges that, during the Class Period, Defendants issued materially false and misleading statements to the investing public concerning HBOC's and McKesson HBOC's financial results, which had the effect of artificially inflating the prices of HBOC's and the Company's securities. On September 28, 2005, the court granted preliminary approval of a \$960 million settlement which BLB&G and its client, Lead Plaintiff the **New York State Common Retirement Fund**, obtained from the company. On December 19, 2006, defendant Arthur Andersen agreed to pay \$72.5 million in cash to settle all claims asserted against it. This settlement brings the total recovery to more than

Bernstein Litowitz Berger & Grossmann LLP

\$1 billion for distribution to eligible Settlement Class Members. The action continues against remaining defendant Bear Stearns.

Ohio Public Employees Retirement System, et al. v. Freddie Mac, et al. -- (United States District Court for the Southern District of Ohio {Eastern Division}) Securities fraud class action filed on behalf of the **Ohio Public Employees Retirement System** and the **State Teachers Retirement System of Ohio** against the Federal Home Loan Mortgage Corporation ("Freddie Mac") and certain of its current and former officers. The Class includes all purchasers of Freddie Mac common stock during the period July 15, 1999 through June 6, 2003. The Complaint alleges that Freddie Mac and certain current or former officers of the Company issued false and misleading statements in connection with Company's previously reported financial results. Specifically, the complaint alleges that the defendants misrepresented the Company's operations and financial results by having engaged in numerous improper transactions and accounting machinations that violated fundamental GAAP precepts in order to artificially smooth the Company's earnings and to hide earnings volatility. On November 21, 2003, Freddie Mac restated its previously reported earnings in connection with these improprieties, ultimately restating more than \$5.0 billion in earnings. In October 2005, with document review nearly complete, Lead Plaintiffs began deposition discovery. On April 25, 2006, the parties reported to the Court that they had reached an agreement in principle to settle the case for \$410 million. On October 26, 2006, the Court granted final approval of the settlement.

In re Washington Public Power Supply System Litigation -- (United States District Court, District of Arizona) Commenced in 1983, the firm was appointed Chair of the Executive Committee responsible for litigating the action on behalf of the class. The action involved an estimated 200 million pages of documents produced in discovery; the depositions of 285 fact witnesses and 34 expert witnesses; more than 25,000 introduced exhibits; six published district court opinions; seven appeals or attempted appeals to the Ninth Circuit; and a three-month jury trial, which resulted in a settlement of over \$750 million -- then the largest securities fraud settlement ever achieved.

In re Lucent Technologies, Inc. Securities Litigation -- (United States District Court for the District of New Jersey) A securities fraud class action filed on behalf of purchasers of the common stock of

Lucent Technologies, Inc. from October 26, 1999 through December 20, 2000. In the action, BLB&G served as Co-Lead Counsel for the shareholders and Lead Plaintiffs, the **Parnassus Fund** and **Teamsters Locals 175 & 505 D&P Pension Trust**, and also represented the **Anchorage Police and Fire Retirement System** and the **Louisiana School Employees' Retirement System**. Lead Plaintiffs' complaint charged Lucent with making false and misleading statements to the investing public concerning its publicly reported financial results and failing to disclose the serious problems in its optical networking business. When the truth was disclosed, Lucent admitted that it had improperly recognized revenue of nearly \$679 million in fiscal 2000. On September 23, 2003, the Court granted preliminary approval of the agreement to settle this litigation, a package which is currently valued at approximately \$517 million composed of cash, stock and warrants. The appointment of BLB&G as Co-Lead Counsel is especially noteworthy as it marks the first time since the 1995 passage of the Private Securities Litigation Reform Act that a court has reopened the lead plaintiff or lead counsel selection process to account for changed circumstances, new issues and possible conflicts between new and old allegations.

In re Williams Securities Litigation -- (United States District Court for the Northern District of Oklahoma) Securities fraud class action filed on behalf of a class of all persons or entities that purchased or otherwise acquired certain securities of The Williams Companies. The action alleged securities claims pursuant to Section 10(b) of the Securities Exchange Act of 1934 and Section 11 of the Securities Act of 1933. After a massive discovery and intensive litigation effort, which included taking more than 150 depositions and reviewing in excess of 18 million pages of documents, BLB&G and its clients, the Arkansas Teacher Retirement System and the Ontario Teachers' Pension Plan Board, announced an agreement to settle the litigation against all defendants for \$311 million in cash on June 13, 2006. The recovery is among the largest recoveries ever in a securities class action in which the corporate defendant did not restate its financial results.

In re DaimlerChrysler Securities Litigation -- (United States District Court for the District of Delaware) A securities class action filed against defendants DaimlerChrysler AG, Daimler-Benz AG and two of DaimlerChrysler's top executives, charging that Defendants acted in bad faith and misrepresented the nature of the 1998 merger between Daimler-Benz AG and the Chrysler

Bernstein Litowitz Berger & Grossmann LLP

Corporation. According to plaintiffs, defendants framed the transaction as a “merger of equals,” rather than an acquisition, in order to avoid paying an “acquisition premium.” Plaintiffs’ Complaint alleges that Defendants made this representation to Chrysler shareholders in the August 6, 1998 Registration Statement, Prospectus, and Proxy, leading 97% of Chrysler shareholders to approve the merger. BLB&G is court-appointed Co-Lead Counsel for Co-Lead Plaintiffs the **Chicago Municipal Employees Annuity and Benefit Fund** and the **Chicago Policemen’s Annuity and Benefit Fund**. BLB&G and the Chicago funds filed the action on behalf of investors who exchanged their Chrysler Corporation shares for DaimlerChrysler shares in connection with the November 1998 merger, and on behalf of investors who purchased DaimlerChrysler shares in the open market from November 13, 1998 through November 17, 2000. On August 22, 2003, BLB&G, as Co-Lead Counsel for Plaintiffs, obtained an

agreement in principle to settle the action for \$300 million.

In re Bennett Funding Group Securities Litigation -- (United States District Court, Southern District of New York). Investor class action involving the sale of \$570 million in fraudulent investments, described as the largest “Ponzi” scheme in United States history. The action was prosecuted against over fifty defendants including Bennett’s former auditors, insurers and broker-dealers who sold Bennett investment. The class includes all purchasers of Bennett securities from March 29, 1992 through March, 29, 1996. The action settled with multiple defendants for over \$165 million.

Corporate Governance and Shareholders’ Rights

McCall v. Scott -- (United States District Court, Middle District of Tennessee). A derivative action filed on behalf of Columbia/HCA Healthcare Corporation -- now “HCA” -- against certain former senior executives of HCA and current and former members of the Board of Directors seeking to hold them responsible for directing or enabling HCA to commit the largest healthcare fraud in history, resulting in hundreds of millions of dollars of loss to HCA. The firm represents the **New York State Common Retirement Fund** as Lead Plaintiff, as well as the **California Public Employees’ Retirement System** (“CalPERS”), the **New York City Pension Funds**, the **New York State Teachers’ Retirement System** and the **Los Angeles County Employees’ Retirement Association** (“LACERA”) in this action. Although the district court initially dismissed the action, the United States Court of Appeals for the Sixth Circuit reversed that dismissal and upheld the complaint in substantial part, and remanded the case back to the district court. On February 4, 2003, the Common Retirement Fund, announced that the parties had agreed in principle to settle the action, subject to approval of the district court. As part of the settlement, HCA will adopt a corporate governance plan that goes well beyond the requirements both of the Sarbanes-Oxley Act and of the rules that the New York Stock Exchange has proposed to the SEC, and also enhances the corporate governance structure presently in place at HCA. HCA also will receive \$14 million. Under the

sweeping governance plan, the HCA Board of Directors will be substantially independent, and will have increased power and responsibility to oversee fair and accurate financial reporting. In granting final approval of the settlement on June 3, 2003, the Honorable Senior Judge Thomas A. Higgins of the District Court said that the settlement “confers an exceptional benefit upon the company and the shareholders by way of the corporate governance plan.”

Official Committee of Unsecured Creditors of Integrated Health Services, Inc. v. Elkins, et al. -- (Delaware Chancery Court) The Official Committee of Unsecured Creditors (the “Committee”) of Integrated Health Services (“IHS”), filed a complaint against the current and former officers and directors of IHS, a health care provider which declared bankruptcy in January 2000. The Committee, on behalf of the Debtors Bankruptcy Estates, sought damages for breaches of fiduciary duties and waste of corporate assets in proposing, negotiating, approving and/or ratifying excessive and unconscionable compensation arrangements for Robert N. Elkins, the Company’s former Chairman and Chief Executive Officer, and for other executive officers of the Company. BLB&G is a special litigation counsel to the committee in this action. The Delaware Chancery Court sustained most of Plaintiff’s fiduciary duty claims against the defendants, finding that the complaint sufficiently pleaded that the defendants

Bernstein Litowitz Berger & Grossmann LLP

“consciously and intentionally disregarded their responsibilities.” The Court also observed that Delaware law sets a very high bar for proving violation of fiduciary duties in the context of

executive compensation. Resulting in a multi-million dollar settlement, the Integrated Health Services litigation was one of the few executive compensation cases successfully litigated in Delaware.

Employment Discrimination and Civil Rights

Roberts v. Texaco, Inc. -- (United States District Court for the Southern District of New York) Six highly qualified African-American employees filed a class action complaint against Texaco Inc. alleging that the Company failed to promote African-American employees to upper level jobs and failed to compensate them fairly in relation to Caucasian employees in similar positions. Two years of intensive investigation on the part of the lawyers of Bernstein Litowitz Berger & Grossmann LLP, including retaining the services of high level expert statistical analysts, revealed that African-Americans were significantly under-represented in high level management jobs and Caucasian employees were promoted more frequently and at far higher rates for comparable positions within the Company. Settled for over \$170 million. Texaco also agreed to a Task Force to monitor its diversity programs for five years. The settlement has been described as the most significant race discrimination settlement in history.

GMAC/NMAC/Ford/Toyota/Chrysler Consumer Finance Discrimination Litigation The cases involve allegations that the lending practices of General Motors Acceptance Corporation, Nissan Motor Acceptance Corporation, Ford Motor Credit, Toyota Motor Credit and Chrysler Financial cause black and Hispanic car buyers to pay millions of dollars more for car loans than similarly situated white buyers. At issue is a discriminatory kickback system under which minorities typically pay about 50% more in dealer mark-up which is shared by auto dealers with the defendants. On February 24, 2003, the Honorable Todd J. Campbell of the States District Court for the Middle District of Tennessee granted preliminary approval of the settlement of the class

action pending against Nissan Motor Acceptance Corporation (“NMAC”). Under the terms of the settlement, NMAC will offer pre-approved loans to hundreds of thousands of current and potential black and Hispanic NMAC customers, and will limit how much it raises the interest charged to car buyers above the company’s minimum acceptable rate. The company will also contribute \$1 million to America Saves, to develop a car financing literacy program targeted toward minority consumers. The settlement also provides for the payment of \$5,000 to \$20,000 to the 10 people named in the class-action lawsuit. Other car buyers wishing to recover damages will still be able to sue NMAC separately. BLB&G continues to prosecute the actions against the other auto lenders.

Alexander v. Pennzoil Company -- (United States District Court, Southern District of Texas) A class action on behalf of all salaried African-American employees at Pennzoil alleging race discrimination in the Company’s promotion, compensation and other job related practices. The action settled for \$6.75 million.

Butcher v. Gerber Products Company -- (United States District Court, Southern District of New York) Class action asserting violations of the Age Discrimination in Employment Act arising out of the mass discharging of approximately 460 Gerber sales people, the vast majority of whom were long-term Gerber employees aged 40 and older. Settlement terms are confidential.

Consumer Class Actions

E*Trade Group, Inc. -- (Superior Court of California, Santa Clara County) A class action filed on behalf of all individuals who have or had accounts with E*Trade from September 1996 to the present. The complaint alleges that E*Trade’s representations to customers regarding the manner in which their accounts would be handled were false and misleading; that the electronic trading systems were

inadequate to meet customer demands; and that, as a result of these misrepresentations, customers suffered significant losses and have been deprived of the benefits which E*Trade had represented they would receive.

General Motors Corporation -- (Superior Court of New Jersey Law Division, Bergen County) A class

Bernstein Litowitz Berger & Grossmann LLP

action consisting of all persons who owned W-body cars with defective rear disc brake caliper pins which tended to corrode, creating both a safety hazard and premature wearing of the front and rear disc brakes, causing extensive economic damage. BLB&G is co-lead counsel in this case where a proposed settlement would provide \$19.5 million to the class for reimbursement of brake repairs.

Rent-A-Center -- (Supreme Court of the State of New York, Bronx County) Deceptive sales and marketing in “rent-to-own” transactions. In this case, BLB&G recently obtained a landmark ruling upholding a rental-purchasers’ right to bring suit.

Empire Blue Cross -- (United States District Court, Southern District of New York) Overcharging health care subscribers. BLB&G was lead counsel in a

recently approved \$6.6 million settlement that represented 130% of the class’ damages and offered all the overcharged subscribers 100 cents on the dollar repayment.

DoubleClick -- (United States District Court, Southern District of New York). Internet Privacy. A class action on behalf of Internet users who have had personal information surreptitiously intercepted and sent to a major Internet advertising agency. In the settlement agreement reached in this action, DoubleClick commits to a series of industry-leading privacy protections for online consumers while continuing to offer its full range of products and services. This is likely the largest class action there has ever been - virtually every, if not every, Internet user in the United States.

Toxic/Mass Torts

Fen/Phen Litigation (“Diet Drug” Litigation) -- -- (Class action lawsuits filed in 10 jurisdictions including New York, New Jersey, Vermont, Pennsylvania, Florida, Kentucky, Indiana, Arizona, Oregon and Arkansas) The firm played a prominent role in the nationwide “diet drug” or “fen-phen” litigation against American Home Products for the Company’s sale and marketing of Redux and Pondimin. The suits allege that a number of pharmaceutical companies produced these drugs which, when used in combination, can lead to life-threatening pulmonary hypertension and heart valve thickening. The complaint alleges that these manufacturers knew of or should have known of the serious health risks created by the drugs, should have warned users of these risks, knew that the fen/phen combination was not approved by the FDA, had not been adequately studied, and yet was being routinely prescribed by physicians. This litigation led to one of the largest class action settlements in history, the multi-billion dollar Nationwide Class Action Settlement with American Home Products approved by the United States District Court for the Eastern District of Pennsylvania. In this litigation, BLB&G was involved in lawsuits filed in the 10 jurisdictions and was designated Class Counsel in the Consolidated New York and New Jersey state court litigations. CLIENTS AND FEES

Most of the firm's clients are referred by other clients, law firms and lawyers, bankers, investors and accountants. A considerable number of clients have been referred to the firm by former adversaries. We have always maintained a high level of independence and discretion in the cases we decide to prosecute. As a result, the level of personal satisfaction and commitment to our work is high.

As stated, our client roster includes many large and well known financial and lending institutions and pension funds, as well as privately held corporate entities which are attracted to our firm because of our reputation, particular expertise and fee structure.

We are firm believers in the contingency fee as a socially useful, productive and satisfying basis of compensation for legal services, particularly in litigation. Wherever appropriate, even with our corporate clients, we will encourage a retention where our fee is at least partially contingent on the outcome of the litigation. This way, it is not the number of hours worked that will determine our fee but, rather, the result achieved for our client.

STEVEN B. SINGER joined BLB&G in 1994. He has been responsible for prosecuting a number of the largest securities fraud cases in history. Mr. Singer was one of the lead trial lawyers on the *WorldCom Securities Litigation*, which culminated in a four-week trial against WorldCom's auditors, and resulted in the historic recovery of over \$6.15 billion from the professionals associated with the WorldCom debacle—the second largest recovery in history. He has also been responsible for numerous additional high-profile litigations, including *In re Lucent Technologies Securities Litigation*, which resulted in the fifth largest settlement of all time; *In re 3Com Securities Litigation*, the largest securities fraud class action recovery in Ninth Circuit history; and a multi-million dollar private action arising out of the demise of Lernout & Hauspie.

Texaco*, which resulted in the largest discrimination settlement in history.

CHAD JOHNSON is involved in all areas of the firm's litigation practice, with particular emphasis on prosecuting securities fraud actions, complex commercial litigation, patent litigation, and trial practice.

Among other matters, Mr. Johnson was one of the partners who prosecuted the *In re WorldCom, Inc. Securities Litigation*—resulting in a recovery for investors of over \$6.15 billion after five weeks of trial—one of the largest securities fraud recovery in history. Mr. Johnson also oversaw the firm's prosecution of *In re Williams Securities Litigation* in the United States District Court for the Northern District of Oklahoma. The Williams case required a massive undertaking by BLB&G, including the need to take and defend 170 depositions and to review and analyze over 18 million pages of documents. The case proceeded through class certification discovery, fact discovery, expert discovery, summary judgment, and trial preparation. Shortly before trial, BLB&G and the Lead Plaintiffs were able to obtain a total recovery from the defendants of \$311 million. This is among the largest recoveries ever achieved in a securities class action in which the corporate defendant did not restate its financial results and where the SEC did not obtain any recovery for investors. Mr. Johnson was also one of the partners responsible for prosecuting the *OM Group Securities Litigation*, which resulted in a \$92.4 million recovery for investors.

Mr. Johnson is responsible for overseeing the firm's prosecution of the federal derivative action against the individuals involved in the options backdating scandal at *UnitedHealth Group, Inc.* That case is pending in the United States District Court for the District of Minnesota. In connection with that lawsuit, BLB&G represents several public pension funds, all of whom are Court-appointed Lead Plaintiffs in the case. Since the initiation of that lawsuit, the company has effectively acknowledged that it engaged in options backdating—and the company's Chairman and CEO (and a recipient of hundreds of millions of dollars of apparently backdated stock options), William McGuire, has been forced out of the company because of his involvement in the scandal.

Mr. Johnson is overseeing the firm's prosecution (with co-counsel) of numerous patent litigations now pending against major electronics manufacturers including Nikon, Samsung, LG Phillips, and others. These patent litigations relate to the technology used to manufacture flat panel displays, including LCD televisions, as well as well as semi-conductor chips. The technology at issue was developed by a New York-based manufacturing company, *Anvik Corporation*, which holds the patents at issue. As alleged in the complaints, the technology was subsequently misappropriated by certain companies based overseas. The cases allege that the defendants are manufacturing products sold into the United States using Anvik's patented technology without Anvik's permission. The revenues defendants are generating using Anvik's patented technology, as alleged in the complaints, is in the hundreds of millions, if not billions, of dollars per year. These cases are all pending in the United States District Court for the Southern District of New York.

Schiffrin Barroway Topaz & Kessler, LLP (“SBTK”), a law firm based just outside of Philadelphia, Pennsylvania, specializes in representing shareholders and consumers in complex class action litigation in state and federal courts throughout the United States. Since our inception in 1987, SBTK has recovered billions of dollars on behalf of defrauded shareholders and aggrieved consumers. The firm is led by partners Andrew L. Barroway, Marc A. Topaz, David Kessler, Joseph H. Meltzer, Stuart L. Berman, Katharine M. Ryan, Gregory M. Castaldo, Michael K. Yarnoff, Darren J. Check, Andrew L. Zivitz, Sean M. Handler, John A. Kehoe, Lee D. Rudy, Eric L. Zagar and Edward W. Ciolko and numerous experienced associates and staff.

SBTK’s practice is dedicated exclusively to the prosecution of class actions, with unique expertise and skill litigating securities class actions. Now in our 21st year, SBTK has grown into one of the largest and most successful firms in the field. Recognized by courts and our clients for achieving exemplary results, SBTK is one of the largest plaintiffs’ law firms in the country with sixty attorneys, a superior support staff and an in-house investigative team. With SBTK’s extensive experience prosecuting securities fraud actions, derivative actions and transactional litigation against public companies and their officers and directors, SBTK has emerged as the leading firm in the campaign to eradicate securities fraud and corporate malfeasance. Recognizing SBTK’s experience and commitment to corporate governance reform, courts across the country have appointed SBTK as lead or co-lead counsel in approximately 80 cases involving the egregious practice of options backdating. SBTK’s depth and breadth of its practice places it in a unique position to track, advise, prosecute and resolve complex securities actions.

In the course of representing various institutional investors from the United States, Canada, Europe, and around the world, including pension funds, mutual fund managers, investment advisors, insurance companies, and hedge funds, SBTK has recovered billions of dollars on behalf of our clients and the classes we represent. SBTK, with the guidance and assistance of our clients serving as lead plaintiff, is especially proud of our ability to create and structure resolutions with financially troubled companies and, when appropriate, to institute corporate governance reforms when serving as lead counsel in shareholder actions.

SBTK is also at the forefront of protecting the rights of employees. The firm’s nationally recognized ERISA Litigation Department specializes in breach of fiduciary duty actions brought pursuant to the Employee Retirement Income Security Act of 1974. SBTK has helped pensioners across the country recover hundreds of millions of dollars in retirement savings lost as a result of mismanaged pension assets. Further, SBTK’s Wage and Hour Department represents thousands of workers across the country pursuing claims for unpaid wages under the Fair Labor Standards Act and relevant state compensation laws.

SBTK’s Competition Group combats violations of federal and state antitrust laws (and deceptive trade practice laws) including price-fixing, bid-rigging, monopolization, resale price maintenance and price discrimination. Due to the expertise and experience of the Group’s attorneys in this highly specialized area of the law, SBTK has been appointed by courts to leadership positions in several important antitrust actions filed in state and federal courts throughout the country.

NOTEWORTHY ACHIEVEMENTS

During the firm's successful history, SBTk has recovered billions of dollars for defrauded stockholders and consumers. The following are among the firm's notable achievements:

In re Tyco International, Ltd. Sec. Litig., No. 02-1335-B (D.N.H. 2002):

SBTK, which served as Co-Lead Counsel in this highly publicized securities fraud class action on behalf of a group of institutional investors, achieved a record \$3.2 billion settlement with Tyco International, Ltd. ("Tyco") and their auditor PricewaterhouseCoopers, LLP ("PwC"). The \$2.975 billion settlement with Tyco represents the single-largest securities class action recovery from a single corporate defendant in history. In addition, the \$225 million settlement with PwC represents the largest payment PwC has ever paid to resolve a securities class action and is the second-largest auditor settlement in securities class action history.

As presiding Judge Paul Barbadoro aptly stated in his Order approving the final settlement, "[i]t is difficult to overstate the complexity of [the litigation]." Judge Barbadoro noted the extraordinary effort required to pursue the litigation towards its successful conclusion, which included the review of more than 82.5 million pages of documents, more than 220 depositions and over seven hundred discovery requests and responses. In addition to the complexity of the litigation, Judge Barbadoro also highlighted the great risk undertaken by Co-Lead Counsel in pursuit of the litigation, which he indicated was greater than in other multi-billion dollar securities cases and "put [Plaintiffs] at the cutting edge of a rapidly changing area of law."

In sum, the Tyco settlement is of historic proportions for the investors who suffered significant financial losses and it has sent a strong message to those who would try to engage in this type of misconduct in the future.

In re Tenet Healthcare Corp. Sec. Litig., No. CV-02-8462-RSWL (Rx) (C.D. Cal. 2002):

SBTK serves as Co-Lead Counsel in this action. A partial settlement was approved on May 26, 2006. The partial settlement was comprised of three distinct elements, including a substantial monetary commitment by the company in the amount of \$215 million, personal contributions by two of the individual defendants totaling \$1.5 million and the enactment and/or continuation of numerous changes to the company's corporate governance practices, which have led various institutional rating entities to rank Tenet among the best in the U.S. in regards to corporate governance. The significance of the partial settlement was heightened by Tenet's precarious financial condition. Faced with many financial pressures — including several pending civil actions and federal investigations, with total contingent liabilities in the hundreds of millions of dollars, — counsel was concerned that Tenet would be unable to fund a settlement or satisfy a judgment of any greater amount in the near future. By reaching the partial settlement, SBTk was able to avoid the risks associated with a long and costly litigation battle and provide a significant and immediate benefit to the class. SBTk also obtained a rarity in securities class action litigation — personal financial contributions from individual defendants. Moreover, there still exists the possibility of a significant recovery from Tenet's outside auditor, KPMG LLP as the action continues against them.

In re AremisSoft Corp. Sec. Litig., C.A. No. 01-CV-2486 (D.N.J. 2002):

SBTK is particularly proud of the results recently achieved before the Honorable Joel A. Pisano in this case. This case was exceedingly complicated, as it involved the embezzlement of hundreds of millions of dollars by former officers of the Company, some of whom are now fugitives. In settling the action, SBTk, as sole Lead Counsel, assisted in reorganizing AremisSoft as a new Company which allowed for it to continue operations, while successfully separating out the securities fraud claims and the bankrupt Company's claims into a litigation trust. Pursuant to the Settlement, the litigation trust has distributed more than 16 million shares of the reorganized Company to members of the class. The Court-appointed co-trustees, Joseph P. LaSala, Esq. and Fred S. Zeidman, retained SBTk to continue prosecuting the actions on behalf of the litigation trust. After extensive litigation in the Isle of Man, including the successful freezing of more than \$200 million of stolen funds, the trust settled its action against one of the principal wrongdoers and recovered approximately \$200 million. Thus far, the trust has distributed to beneficiaries of the trust more than 28% of their recognized losses (excluding the value of the equity of the new Company), and is poised to recover even more. Recently, the trust commenced further litigation in Cyprus, where it obtained a Mareva injunction and interim ancillary relief against various bank accounts and assets owned and/or controlled by the other principal wrongdoer.

In re CVS Corporation Sec. Litig., C.A. No. 01-11464 JLT (D.Mass. 2001):

After more than three years of contentious litigation and a series of protracted mediation sessions, SBTk, LLP, serving as Co-Lead Counsel, secured a \$110 million recovery for class members in the CVS Sec. Litig. Specifically, the suit alleged that CVS violated accounting practices by delaying discounts on merchandise in an effort to prop up its earnings. In addition, the suit charged that in 2001 the Company and its Chief Executive Officer, Thomas M. Ryan, improperly delayed announcement of its intention to close approximately 200 underperforming stores, and that an industry-wide pharmacist shortage would have a materially negative impact on the Company's performance. Settlement was reached just days prior to the commencement of trial, and shortly after the district court had denied the defendants' motions for summary judgment. This substantial recovery represents the third-largest settlement in a securities class action case in the First Circuit.

In re Delphi Corp. Sec. Litig., Master File No. 1:05-MD-1725 (E.D. Mich. 2005):

In early 2005, various securities class actions were filed against auto-parts manufacturer Delphi Corporation in the Southern District of New York. SBTk and its client, Austria-based mutual fund manager Raiffeisen Kapitalanlage-Gesellschaft m.b.H. ("Raiffeisen"), were appointed as Co-Lead Counsel and Co-Lead Plaintiff, respectively. The Lead Plaintiffs alleged that (i) Delphi improperly treated financing transactions involving inventory as sales and disposition of inventory; (ii) improperly treated financing transactions involving "indirect materials" as sales of these materials; and (iii) improperly accounted for payments made to and credits received from General Motors as warranty settlements and obligations. As a result, Delphi's reported revenue, net income and financial results were materially overstated, prompting Delphi to restate its earnings for the five previous years. Complex litigation involving difficult bankruptcy issues has potentially resulted in an excellent recovery for the class, but is awaiting Delphi's exit from bankruptcy before the settlement of cash and stock, valued in the hundreds of millions of dollars, can be finalized. In addition, Co-Lead Plaintiffs have also reached a settlement of claims against Delphi's outside auditor, Deloitte & Touche, LLP, for \$38.25 million on behalf of Delphi investors, which is awaiting Court approval.

Royal Dutch Shell European Shareholder Litigation:

SBTK was instrumental in achieving a landmark settlement worth at least \$352 million in cash on behalf of non-US investors with Royal Dutch Shell plc relating to Shell's 2004 restatement of oil reserves. This settlement of securities fraud claims on a class-wide basis under Dutch law was the first of its kind, and sought to resolve claims exclusively on behalf of European and other non-United States investors. Uncertainty over whether jurisdiction for non-United States investors existed in a 2004 class action filed in federal court in New Jersey prompted a significant number of prominent European institutional investors from nine countries, representing more than one billion shares of Shell, to actively pursue a potential resolution of their claims outside the United States. Among the European investors which actively sought and supported this settlement were Alecta pensionsförsäkring, ömsesidigt, PKA Pension Funds Administration Ltd., Swedbank Robur Fonder AB, AP7 and AFA Insurance, all of which were represented by SBTk. This settlement is awaiting approval from the Dutch Court.

In re The Interpublic Group of Companies Sec. Litig., No. 02 Civ. 6527 (S.D.N.Y. 2002):

SBTK served as sole Lead Counsel in this action on behalf of an institutional investor and received final approval of a settlement consisting of \$20 million in cash and 6,551,725 shares of IPG common stock. As of the final hearing in the case, the stock had an approximate value of \$87 million, resulting in a total settlement value of approximately \$107 million. In granting its approval, the Court praised SBTk for acting responsibly and noted the firm's professionalism, competence and contribution to achieving such a favorable result.

In re Digital Lightwave, Inc. Sec. Litig., Consolidated Case No. 98-152-CIV-T-24E (M.D. Fla. 1999):

The firm served as Co-Lead Counsel in one of the nation's most successful securities class actions in history measured by the percentage of damages recovered. After extensive litigation and negotiations, a settlement consisting primarily of stock was worth over \$170 million at the time when it was distributed to the Class. SBTk took on the primary role in negotiating the terms of the equity component, insisting that the class have the right to share in any upward appreciation in the value of the stock after the settlement was reached. This recovery represented an astounding approximately two hundred percent (200%) of class members' losses.

In re Initial Public Offering Sec. Litig., Master File No. 21 MC 92 (SAS) (S.D.N.Y. Dec. 12, 2002):

SBTK holds a prominent position as an Executive Committee member in this action. Of the sixty plaintiffs firms which originally filed actions in these coordinated proceedings, SBTK was one of only six firms selected to serve on the Executive Committee. The coordinated actions, which have been filed against 309 separate issuers of publicly traded securities, challenge the legality of the practices which accompany the allocations of shares in initial public offerings. In addition to suing the issuers of such securities, the 309 coordinated actions also name as defendants the primary investment banking firms which underwrote the offerings. This case, which has received a great deal of national and international media attention, is widely considered the largest securities class action litigation in history and has resulted in numerous important rulings by the Court.

In re Global Crossing, Ltd. ERISA Litigation, No. 02 Civ. 7453 (S.D.N.Y. 2004):

SBTK served as Co-Lead Counsel in this novel, complex and high-profile action which alleged that certain directors and officers of Global Crossing, a former high-flier of the late 1990's tech stock boom, breached their fiduciary duties under the Employee Retirement Income Security Act of 1974 ("ERISA") to certain company-provided 401(k) plans and their participants. These breaches arose from the plans' alleged imprudent investment in Global Crossing stock during a time when defendants knew, or should have known, that the company was facing imminent bankruptcy. A settlement of plaintiffs' claims restoring \$79 million to the plans and their participants was approved in November 2004. At the time, this represented the largest recovery received in a company stock ERISA class action.

In re AOL Time Warner ERISA Litigation, No. 02-CV-8853 (S.D.N.Y. 2006):

SBTK, which served as Co-Lead Counsel in this highly-publicized ERISA fiduciary breach class action brought on behalf of the Company's 401(k) plans and their participants, achieved a record \$100 million settlement with defendants. The \$100 million restorative cash payment to the plans (and, concomitantly, their participants) represents the largest recovery from a single defendant in a breach of fiduciary action relating to mismanagement of plan assets held in the form of employer securities. The action asserted claims for breach of fiduciary duties pursuant to the Employee Retirement Income Security Act of 1974 ("ERISA") on behalf of the participants in the AOL Time Warner Savings Plan, the AOL Time Warner Thrift Plan, and the Time Warner Cable Savings Plan (collectively, the "Plans") whose accounts purchased and/or held interests in the AOLTW Stock Fund at any time between January 27, 1999 and July 3, 2003. Named as defendants in the case were Time Warner (and its corporate predecessor, AOL Time Warner), several of the Plans' committees, as well as certain current and former officers and directors of the company. In March 2005, the Court largely denied defendants' motion to dismiss and the parties began the discovery phase of the case. In January 2006, Plaintiffs filed a motion for class certification, while at the same time defendants moved for partial summary judgment. These motions were pending before the Court when the settlement in principle was reached. Notably, an Independent Fiduciary retained by the Plans to review the settlement in accordance with Department of Labor regulations approved the settlement and filed a report with Court noting that the settlement, in addition to being "more than a reasonable recovery" for the Plans, is "one of the largest ERISA employer stock action settlements in history."

In re Honeywell International ERISA Litigation, No. 03-1214 (DRD) (D.N.J. 2004):

SBTK served as Lead Counsel in a breach of fiduciary duty case under ERISA against Honeywell International, Inc. and certain fiduciaries of Honeywell defined contribution pension plans. The suit alleged that Honeywell and the individual fiduciary defendants, allowed Honeywell's 401(k) plans and their participants to imprudently invest significant assets in company stock, despite that defendants knew, or should have known, that Honeywell's stock was an imprudent investment due to undisclosed, wide-ranging problems stemming from a consummated merger with Allied Signal and a failed merger with General Electric. The settlement of plaintiffs' claims included a \$14 million payment to the plans and their affected participants, and significant structural relief affording participants much greater leeway in diversifying their retirement savings portfolios.

In re Remeron Antitrust Litigation, No. 02-CV-2007 (D.N.J. 2004):

SBTK was Co-Lead Counsel in an action which challenged Organon, Inc.'s filing of certain patents and patent infringement lawsuits as an abuse of the Hatch-Waxman Act, and an effort to unlawfully extend their monopoly in the market for Remeron. Specifically, the lawsuit alleged that defendants violated state and federal antitrust laws in their efforts to keep competing products from entering the market, and sought damages sustained by consumers and third-party payors. After lengthy litigation, including numerous motions and over 50 depositions, the matter settled for \$36 million. The settlement is pending final approval by the court.

Henry v. Sears, et. al., Case No. 98 C 4110 (N.D. Ill. 1999):

The firm served as Co-Lead Counsel for one of the largest consumer class actions in history, consisting of approximately 11 million Sears credit card holders whose interest rates were improperly increased in connection with the transfer of the credit card accounts to a national bank. SBTk successfully negotiated a settlement representing approximately 66% of all class members' damages, thereby providing a total benefit exceeding \$156 million. All \$156 million was distributed automatically to the Class members, without the filing of a single proof of claim form. In approving the settlement, the District Court stated: "... I am pleased to approve the settlement. I think it does the best that could be done under the circumstances on behalf of the class. ... The litigation was complex in both liability and damages and required both professional skill and standing which class counsel demonstrated in abundance."

In re Transkaryotic Therapies, Inc. Sec. Litig., Civil Action No.: 03-10165-RWZ (D. Mass. 2003):

After five years of hard-fought, contentious litigation, SBTk as Lead Counsel on behalf of the Class, has entered into one of largest settlements ever against a biotech company with regard to non-approval of one of its drugs by the U.S. Food and Drug Administration ("FDA"). Specifically, the Plaintiffs alleged that Transkaryotic Therapies, Inc. ("TKT") and its CEO, Richard Selden, engaged in a fraudulent scheme to artificially inflate the price of TKT common stock and to deceive Class Members by making misrepresentations and nondisclosures of material facts concerning TKT's prospects for FDA approval of Replagal, TKT's experimental enzyme replacement therapy for Fabry disease. With the assistance of the Honorable Daniel Weinstein, a retired state court judge from California, SBTk secured a \$50 million settlement from the Defendants during a complex and arduous mediation. The settlement is awaiting final approval by the Court.

In re Assisted Living Concepts, Inc. Sec. Litig., Lead Case No. 99-167-AA (D. Or. 1999):

SBTk served as Co-Lead Counsel and was instrumental in obtaining a \$30 million recovery for class members from the Company, its executive officers and directors, and several underwriters for their role in an alleged complex accounting fraud involving the use of a purportedly independent joint venture to absorb the Company's start-up losses. Even after this \$30 million recovery, through counsel's efforts, an additional \$12.5 million was obtained from the auditors providing for a total recovery of \$42.5 million.

Wanstrath v. Doctor R. Crants, et. al. Shareholders Litigation, No. 99-1719-111 (Tenn. Chan. Ct., 20th Judicial District, 1999):

SBTk served as Lead Counsel in a derivative action filed against the officers and directors of Prison Realty Trust, Inc., challenging the transfer of assets from the Company to a private entity owned by several of the Company's top insiders. Numerous federal securities class actions were pending against the Company at this time. Through the derivative litigation, the Company's top management was ousted, the composition of the Board of Directors was significantly improved, and important corporate governance provisions were put in place to prevent future abuse. SBTk, in addition to achieving these desirable results, was able to effectuate a global settlement of all pending litigation against the backdrop of an almost certain bankruptcy. The case was resolved in conjunction with the federal securities cases for the payment of approximately \$50 million by the Company's insurers and the issuance of over 46 million shares to the class members.

In re PNC Financial Services Group, Inc. Sec. Litig., Case No. 02-CV-271 (W.D. Pa. 2002):

SBTk served as Co-Lead Counsel in a securities class action case brought against PNC bank, certain of its officers and directors and its outside auditor, Ernst & Young, LLP ("E&Y"), relating to the conduct of defendants in establishing, accounting for and making disclosures concerning three special purpose entities ("SPEs") in the second, third and fourth quarters of PNC's 2001 fiscal year. Plaintiffs alleged that these entities were created by defendants for the sole purpose of allowing PNC to secretly transfer hundreds of millions of dollars worth of non-performing assets from its own books to the books of the SPEs without disclosing the transfers or consolidating the results and then making positive announcements to the public concerning the bank's performance with respect to its non-performing assets. SBTk was instrumental in obtaining a \$30 million recovery for class members from PNC and the assignment of certain claims it may have had against its audit and other third party law firms and insurance companies. An additional \$6.6 million was recovered from the insurance company and the law firms and an agreement in principle has now been reached with the audit to resolve all claims for another \$9.075 million, providing for a total recovery from the Sec. Litig. of \$45.675. When coupled with the \$156 million restitution fund established through government actions against some of the same defendants and third parties, the total recovery for class members exceeds \$200 million, which has now been distributed with PNC paying all costs associated with notifying the Class of the settlement.

In re New Power Holdings, Inc. Sec. Litig., No. 02 Civ. 1550 (S.D.N.Y. 2002):

SBTK served as Co-Lead Counsel and was instrumental in obtaining a recovery of \$41 million in cash for class members against a bankrupt company, certain of its officers and directors and the underwriters of the Company's offering. Claims involved New Power, an offshoot of Enron, that was formed to re-enter the deregulated energy market and pursued an IPO with no viable plan to hedge against volatile energy prices.

In re Liberate Technologies Sec. Litig., No. C-02-5017 (MJJ) (N.D. Cal. 2005):

Plaintiffs alleged that Liberate engaged in fraudulent revenue recognition practices to artificially inflate the price of its stock, ultimately forcing it to restate its earning. As sole Lead Counsel, SBTK successfully negotiated a \$13.8 million settlement, which represents almost 40% of the damages suffered by the class. In approving the settlement, the district court complimented Lead Counsel for its "extremely credible and competent job."

In re Sodexho Marriott Shareholders Litigation, Consol. C.A. No. 18640-NC (Del. Ch. 1999):

SBTK was Class Counsel in this case which was pending in Delaware Chancery Court, in which Class Counsel was partially responsible for creating an aggregate financial benefit of approximately \$166 million for members of the class.

In re Riverstone Networks, Inc. Sec. Litig., Case No. CV-02-3581 (N.D. Cal. 2002):

SBTK served as Lead Counsel on behalf of plaintiffs alleging that Riverstone and certain of its officers and directors sought to create the impression that the Company, despite the industry-wide downturn in the telecom sector, had the ability to prosper and succeed and was actually prospering. In that regard, plaintiffs alleged that defendants issued a series of false and misleading statements concerning the Company's financial condition, sales and prospects, and used inside information to personally profit. After extensive litigation, the parties entered into formal mediation with the Honorable Charles Legge (Ret.). Following five months of extensive mediation, the parties reached a settlement of \$18.5 million.

In re McLeod USA Inc. Sec. Litig., No. C02-0001-MWB (N.D. Iowa 2002):

In re Viacom, Inc. Shareholder Derivative Litig., Index No. 602527/05 (New York County, NY 2005):

SBTK represented the Public Employees Retirement System of Mississippi and served as lead counsel in a derivative action alleging that the members of the Board of Directors of Viacom, Inc. paid excessive and unwarranted compensation to Viacom's Executive Chairman and CEO, Sumner M. Redstone, and co-COOs Thomas E. Freston and Leslie Moonves, in breach of their fiduciary duties. Specifically, SBTK alleged that in fiscal year 2004, when Viacom reported a record net loss of \$17.46 billion, the board improperly approved compensation payments to Redstone, Freston, and Moonves of approximately \$56 million, \$52 million, and \$52 million, respectively. Judge Ramos of the New York Supreme Court denied Defendants' motion to dismiss the action as SBTK overcame several complex arguments related to the failure to make a demand on Viacom's Board; Defendants then appealed that decision to the Appellate Division of the Supreme Court of New York. Prior to a decision by the appellate court, a settlement was reached in early 2007. Pursuant to the settlement, Sumner Redstone, the company's Executive Chairman and controlling shareholder, agreed to a new compensation package that, among other things, substantially reduces his annual salary and cash bonus, and ties the majority of his incentive compensation directly to shareholder returns.

In re Computer Associates Sec. Litig., No. 02-CV-1226 (E.D.N.Y. 2002):

SBTK served as Co-Lead Counsel on behalf of plaintiffs, alleging that Computer Associates and certain of its officers misrepresented the health of the company's business, materially overstated the company's revenues, and engaged in illegal insider selling. After nearly four years of litigation, SBTK secured a settlement of \$15.425 million, which was recently approved by the Court.

In re Family Dollar Stores, Inc. Derivative Litig., Master File No. 06-CVS-16796 (Mecklenburg County, NC 2006):

SBTK served as Lead Counsel, derivatively on behalf of Family Dollar Stores, Inc., and against certain of Family Dollar's current and former officers and directors. The actions were pending in Mecklenburg County Superior Court, Charlotte, North Carolina, and alleged that certain of the company's officers and directors had improperly backdated stock options to achieve favorable exercise prices in violation of shareholder-approved stock option plans. As a result of these shareholder derivative actions, SBTK was able to achieve substantial relief for Family Dollar and its shareholders. Through SBTK's litigation of this action, Family Dollar agreed to cancel hundreds of thousands of stock options granted to certain current and former officers, resulting in a seven-figure net financial benefit for the company. In addition, Family Dollar has agreed to, among other things: implement internal controls and granting procedures that are designed to ensure that all stock options are properly dated and accounted for; appoint two new independent directors to the board of directors; maintain a board composition of at least 75 percent independent directors; and adopt stringent officer stock-ownership policies to further align the interests of officers with those of Family Dollar shareholders. The settlement was approved by Order of the Court on August 13, 2007.

Furthermore, Barnes & Noble has agreed to, among other things: adopt internal controls and granting procedures that are designed to ensure that all stock options are properly dated and accounted for; at least once per calendar year, preset a schedule of dates on which stock options will be granted to new employees or to groups of twenty (20) or more employees; make final determinations regarding stock options at duly-convened committee meetings; and designate one or more specific officer(s) within the Company who will be responsible for, among other things, compliance with the Company's stock option plans.
